§ 63.2-1503. Local departments to establish child-protective services; duties.

A. Each local department shall establish child-protective services under a departmental coordinator within such department or with one or more adjacent local departments that shall be staffed with qualified personnel pursuant to regulations adopted by the Board. The local department shall be the public agency responsible for receiving and responding to complaints and reports, except that (i) in cases where the reports or complaints are to be made to the court and the judge determines that no local department within a reasonable geographic distance can impartially respond to the report, the court shall assign the report to the court services unit for evaluation; and (ii) in cases where an employee at a private or state-operated hospital, institution or other facility, or an employee of a school board is suspected of abusing or neglecting a child in such hospital, institution or other facility, or public school, the local department shall request the Department and the relevant private or state-operated hospital, institution or other facility, or school board to assist in conducting a joint investigation in accordance with regulations adopted by the Board, in consultation with the Departments of Education, Health, Medical Assistance Services, Mental Health, Mental Retardation and Substance Abuse Services, Juvenile Justice and Corrections.

B. The local department shall ensure, through its own personnel or through cooperative arrangements with other local agencies, the capability of receiving reports or complaints and responding to them promptly on a 24-hours-a-day, seven-days-per-week basis.

C. The local department shall widely publicize a telephone number for receiving complaints and reports.

D. The local department shall upon receipt of a complaint, report immediately to the attorney for the Commonwealth and the local law-enforcement agency and make available to them the records of the local department when abuse or neglect is suspected in any case involving (i) death of a child; (ii) injury or threatened injury to the child in which a felony or Class 1 misdemeanor is also suspected; (iii) any sexual abuse, suspected sexual abuse or other sexual offense involving a child, including but not limited to the use or display of the child in sexually explicit visual material, as defined in § 18.2-374.1; (iv) any abduction of a child; (v) any felony or Class 1 misdemeanor drug offense involving a child; or (vi) contributing to the delinquency of a minor in violation of § 18.2-371, and provide the attorney for the Commonwealth and the local law-enforcement agency with records of any complaints of abuse or neglect involving the victim or the alleged perpetrator. The local department shall not allow reports of the death of the victim from other local agencies to substitute for direct reports to the attorney for the Commonwealth and the local law-enforcement agency. The local department shall develop, when practicable, memoranda of understanding for responding to reports of child abuse and neglect with local law enforcement and the attorney for the Commonwealth.

E. When abuse or neglect is suspected in any case involving the death of a child, the local department shall report the case immediately to the regional medical examiner and the local law-enforcement agency.

F. The local department shall use reasonable diligence to locate (i) any child for whom a report of suspected abuse or neglect has been received and is under investigation, receiving family assessment, or for whom a founded determination of abuse and neglect has been made and a child-protective services case opened and (ii) persons who are the subject of a report that is under investigation or receiving family assessment, if the whereabouts of the child or such persons are unknown to the local department.

G. When an abused or neglected child and the persons who are the subject of an open child-protective services case have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which such persons have relocated, whether inside or outside of the Commonwealth, and forward to such agency relevant portions of the case record. The receiving local department shall arrange protective and rehabilitative services as required by this section.

H. When a child for whom a report of suspected abuse or neglect has been received and is under investigation or receiving family assessment and the child and the child's parents or other persons responsible for the child's care who are the subject of the report that is under investigation or family assessment have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which the child and such persons have relocated, whether inside or outside of the Commonwealth, and complete such investigation or family assessment by requesting such agency's assistance in completing the investigation or family assessment. The local department that completes the investigation or family assessment shall forward to the receiving agency relevant portions of the case record in order for the receiving agency to arrange protective and rehabilitative services as required by this section.

I. Upon receipt of a report of child abuse or neglect, the local department shall determine the validity of such report and shall make a determination to conduct an investigation pursuant to § 63.2-1505 or, if designated as a child-protective services differential response agency by the Department according to § 63.2-1504, a family assessment pursuant to § 63.2-1506.

J. The local department shall foster, when practicable, the creation, maintenance and coordination of hospital and community-based multidisciplinary teams that shall include where possible, but not be limited to, members of the medical, mental health, social work, nursing, education, legal and law-enforcement professions. Such teams shall assist the local departments in identifying abused and neglected children; coordinating medical, social, and legal services for the children and their families; developing innovative programs for detection and prevention of child abuse; promoting community concern and action in the area of child abuse and neglect; and disseminating information to the general public with respect to the problem of child abuse and neglect and the facilities and prevention and treatment methods available to combat child abuse and neglect. These teams may be the family assessment and planning teams established pursuant to § 2.2-5207. Multidisciplinary teams may develop agreements regarding the exchange of information among the parties for the purposes of the investigation and disposition of complaints of child abuse and neglect, delivery of services and child protection. Any information exchanged in accordance with the agreement shall not be considered to be a violation of the provisions of §§ 63.2-102, 63.2-104 or § 63.2-105.

The local department shall also coordinate its efforts in the provision of these services for abused and neglected children with the judge and staff of the court.

K. The local department may develop multidisciplinary teams to provide consultation to the local department during the investigation of selected cases involving child abuse or neglect, and to make recommendations regarding the prosecution of such cases. These teams may include, but are not limited to, members of the medical, mental health, legal and law-enforcement professions, including the attorney for the Commonwealth or his designee; a local child-protective services representative; and the guardian ad litem or other court-appointed advocate for the child. Any information exchanged for the purpose of such consultation shall not be considered a violation of §§ 63.2-102, 63.2-104 or § 63.2-105.

L. The local department shall report annually on its activities concerning abused and neglected children to the court and to the Child-Protective Services Unit in the Department on forms provided by the Department.

M. Statements, or any evidence derived therefrom, made to local department child-protective services personnel, or to any person performing the duties of such personnel, by any person accused of the abuse, injury, neglect or death of a child after the arrest of such person, shall not be used in evidence in the case-in-chief against such person in the criminal proceeding on the question of guilt or innocence over the objection of the accused, unless the statement was made after such person was fully advised (i) of his right to remain silent, (ii) that anything he says may be used against him in a court of law, (iii) that he has a right to the presence of an attorney during any interviews, and (iv) that if he cannot afford an attorney, one will be appointed for him prior to any questioning.

N. Notwithstanding any other provision of law, the local department, in accordance with Board regulations, shall transmit information regarding founded complaints or family assessments and may transmit other information regarding reports, complaints, family assessments and investigations involving active duty military personnel or members of their household to family advocacy representatives of the United States Armed Forces.

O. The local department shall notify the custodial parent and make reasonable efforts to notify the noncustodial parent as those terms are defined in § 63.2-1900 of a report of suspected abuse or neglect of a child who is the subject of an investigation or is receiving family assessment, in those cases in which such custodial or noncustodial parent is not the subject of the investigation.

(1975, c. 341, § 63.1-248.6; 1978, c. 747; 1979, cc. 347, 348; 1984, c. 392; 1987, c. 443; 1989, cc. 109, 547; 1991, c. 644; 1992, cc. 214, 837, 880; 1993, cc. 506, 955; 1994, cc. 643, 675, 840; 1996, cc. 858, 863; 1998, cc. 704, 716; 2000, cc. 500, 854; 2002, c. 747; 2004, cc. 114, 220, 886.)

§ 63.2-1504. Child-protective services differential response system.

The Department shall implement a child-protective services differential response system in all local departments. The differential response system allows local departments to respond to valid reports or complaints of child abuse or neglect by conducting either an investigation or a family assessment. The Department shall publish a plan to implement the child-protective services differential response system in local departments by July 1, 2000, and complete implementation in all local departments by July 1, 2003. The Department shall develop a training program for all staff persons involved in the differential response system, and all such staff shall receive this training.

(2000, c. 500, § 63.1-248.2:1; 2002, c. 747.)

§ 63.2-1505. Investigations by local departments.

A. An investigation requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;
4. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services;
5. Whether abuse or neglect has occurred;
6. If abuse or neglect has occurred, who abused or neglected the child; and
7. A finding of either founded or unfounded based on the facts collected during the investigation.

B. If the local department responds to the report or complaint by conducting an investigation, the local department shall:

1. Make immediate investigation and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
2. Complete a report and transmit it forthwith to the Department, except that no such report shall be transmitted in cases in which the cause to suspect abuse or neglect is one of the factors specified in subsection B of § 63.2-1509 and the mother sought substance abuse counseling or treatment prior to the child's birth;
3. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family;
4. Petition the court for services deemed necessary including, but not limited to, removal of the child or his siblings from their home;
5. Determine within forty-five days if a report of abuse or neglect is founded or unfounded and transmit a report to such effect to the Department and to the person who is the subject of the investigation. However, upon written justification by the local department, such determination may be extended, not to exceed a total of sixty days. If through the exercise of reasonable diligence the local department is unable to find the child who is the subject of the report, the time the child cannot be found shall not be computed as part of the forty-five-day or sixty-day period and documentation of such reasonable diligence shall be placed in the record; and
6. If a report of abuse or neglect is unfounded, transmit a report to such effect to the complainant and parent or guardian and the person responsible for the care of the child in those cases where such person was suspected of abuse or neglect.

(2000, c. 500, § 63.1-248.6:01; 2002, c. 747.)

§ 63.2-1506. Family assessments by local departments.

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;

2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child; and
4. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
2. Immediately contact the subject of the report and the family of the child alleged to have been abused or neglected and give each a written and an oral explanation of the family assessment procedure. The family assessment shall be in writing and shall be completed in accordance with Board regulation;
3. Complete the family assessment within forty-five days and transmit a report to such effect to the Department and to the person who is the subject of the family assessment. However, upon written justification by the local department, the family assessment may be extended, not to exceed a total of sixty days;
4. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;
5. Petition the court for services deemed necessary;
6. Make no disposition of founded or unfounded for reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and
7. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required.

C. When a local department has been designated as a child-protective services differential response agency by the Department, the local department may investigate any report of child abuse or neglect, but the following valid reports of child abuse or neglect shall be investigated: (i) sexual abuse, (ii) child fatality, (iii) abuse or neglect resulting in serious injury as defined in § 18.2-371.1, (iv) child has been taken into the custody of the local department, or (v) cases involving a caretaker at a state-licensed child day center, religiously exempt child day center, licensed, registered or approved family day home, private or public school, hospital or any institution.

(2000, c. 500, § 63.1-248.6:02; 2002, cc. 641, 642, 747.)

§ 63.2-1507. Cooperation by state entities.

All law-enforcement departments and other state and local departments, agencies, authorities and institutions shall cooperate with each child-protective services coordinator of a local department and any multi-discipline teams in the detection and prevention of child abuse.

(1975, c. 341, § 63.1-248.17; 2002, c. 747.)

§ 63.2-1508. Valid report or complaint.

A valid report or complaint means the local department has evaluated the information and allegations of the report or complaint and determined that the local department shall conduct an investigation or family assessment because the following elements are present:

1. The alleged victim child or children are under the age of eighteen at the time of the complaint or report;
2. The alleged abuser is the alleged victim child's parent or other caretaker;
3. The local department receiving the complaint or report has jurisdiction; and
4. The circumstances described allege suspected child abuse or neglect.

Nothing in this section shall relieve any person specified in § 63.2-1509 from making a report required by that section, regardless of the identity of the person suspected to have caused such abuse or neglect.

(1975, c. 341, § 63.1-248.2; 1981, c. 123; 1986, c. 308; 1990, c. 760; 1995, c. 520; 2000, c. 500; 2002, c. 747.)

§ 63.2-1509. (Effective until January 1, 2007) Physicians, nurses, teachers, etc., to report certain injuries to children; penalty for failure to report.

A. The following persons who, in their professional or official capacity, have reason to suspect that a child is an abused or neglected child, shall report the matter immediately to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline:

1. Any person licensed to practice medicine or any of the healing arts;
2. Any hospital resident or intern, and any person employed in the nursing profession;
3. Any person employed as a social worker;
4. Any probation officer;
5. Any teacher or other person employed in a public or private school, kindergarten or nursery school;
6. Any person providing full-time or part-time child care for pay on a regularly planned basis;
7. Any duly accredited Christian Science practitioner;
8. Any mental health professional;
9. Any law-enforcement officer;
10. Any mediator eligible to receive court referrals pursuant to § 8.01-576.8;

12. Any person associated with or employed by any private organization responsible for the care, custody or control of children; and
13. Any person who is designated a court-appointed special advocate pursuant to Article 5 (§ 9.1-151 et seq.) of Chapter 1 of Title 9.1.

If neither the locality in which the child resides nor where the abuse or neglect is believed to have occurred is known, then such report shall be made to the local department of the county or city where the abuse or neglect was discovered or to the Department's toll-free child abuse and neglect hotline.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The judge may consult with the Department in selecting a local department to respond to the report or the complaint.

If the information is received by a teacher, staff member, resident, intern or nurse in the course of professional services in a hospital, school or similar institution, such person may, in place of said report, immediately notify the person in charge of the institution or department, or his designee, who shall make such report forthwith.

The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232(g)). Provision of such information, records and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall include (i) a finding made by an attending physician within seven days of a child's birth that the results of a blood or urine test conducted within forty-eight hours of the birth of the child indicate the presence of a controlled substance not prescribed for the mother by a physician; (ii) a finding by an attending physician made within forty-eight hours of a child's birth that the child was born dependent on a controlled substance which was not prescribed by a physician for the mother and has demonstrated withdrawal symptoms; (iii) a diagnosis by an attending physician made within seven days of a child's birth that the child has an illness, disease or condition which, to a reasonable degree of medical certainty, is attributable to in utero exposure to a controlled substance which was not prescribed by a physician for the mother or the child; or (iv) a diagnosis by an attending physician made within seven days of a child's birth that the child has fetal alcohol syndrome attributable to in utero exposure to alcohol. When "reason to suspect" is based

upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so within seventy-two hours of his first suspicion of child abuse or neglect shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$100 nor more than \$1,000.

(1975, c. 341, § 63.1-248.3; 1976, c. 348; 1978, c. 747; 1993, c. 443; 1994, c. 840; 1995, c. 810; 1998, cc. 704, 716; 1999, c. 606; 2000, c. 500; 2001, c. 853; 2002, cc. 747, 860.)

§ 63.2-1509. (Effective January 1, 2007) Physicians, nurses, teachers, etc., to report certain injuries to children; penalty for failure to report.

A. The following persons who, in their professional or official capacity, have reason to suspect that a child is an abused or neglected child, shall report the matter immediately to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline:

1. Any person licensed to practice medicine or any of the healing arts;
2. Any hospital resident or intern, and any person employed in the nursing profession;
3. Any person employed as a social worker;

6. Any person providing full-time or part-time child care for pay on a regularly planned basis;
7. Any mental health professional;
8. Any law-enforcement officer;
9. Any mediator eligible to receive court referrals pursuant to § 8.01-576.8;
10. Any professional staff person, not previously enumerated, employed by a private or state-operated hospital, institution or facility to which children have been committed or where children have been placed for care and treatment;
11. Any person associated with or employed by any private organization responsible for the care, custody or control of children;
12. Any person who is designated a court-appointed special advocate pursuant to Article 5 (§ 9.1-151 et seq.) of Chapter 1 of Title 9.1;
13. Any person, over the age of 18 years, who has received training approved by the Department of Social Services for the purposes of recognizing and reporting child abuse and neglect; and

14. Any person employed by a local department as defined in § 63.2-100 who determines eligibility for public assistance.

This subsection shall not apply to any regular minister, priest, rabbi, imam, or duly accredited practitioner of any religious organization or denomination usually referred to as a church as it relates to (i) information required by the doctrine of the religious organization or denomination to be kept in a confidential manner or (ii) information that would be subject to § 8.01-400 or 19.2-271.3 if offered as evidence in court.

If neither the locality in which the child resides nor where the abuse or neglect is believed to have occurred is known, then such report shall be made to the local department of the county or city where the abuse or neglect was discovered or to the Department's toll-free child abuse and neglect hotline.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The judge may consult with the Department in selecting a local department to respond to the report or the complaint.

If the information is received by a teacher, staff member, resident, intern or nurse in the course of professional services in a hospital, school or similar institution, such person may, in place of said report, immediately notify the person in charge of the institution or department, or his designee, who shall make such report forthwith.

The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records, or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232(g)). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall include (i) a finding made by an attending physician within seven days of a child's birth that the results of a blood or urine test conducted within 48 hours of the birth of the child indicate the presence of a controlled substance not prescribed for the mother by a physician; (ii) a finding by an attending physician made within 48 hours of a child's birth that the child was born dependent on a controlled substance which was not prescribed by a physician for the mother and has demonstrated withdrawal symptoms; (iii) a diagnosis by an attending physician made within seven days of a child's birth that the child has an illness, disease or condition which, to a reasonable degree of medical certainty, is attributable to in utero exposure to a controlled substance which was not prescribed by a physician for the mother or the child; or (iv) a diagnosis by an attending physician made within seven days of a child's birth that the child has fetal alcohol syndrome attributable to in utero exposure to alcohol. When "reason to suspect" is based

upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so within 72 hours of his first suspicion of child abuse or neglect shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$100 nor more than \$1,000.

(1975, c. 341, § 63.1-248.3; 1976, c. 348; 1978, c. 747; 1993, c. 443; 1994, c. 840; 1995, c. 810; 1998, cc. 704, 716; 1999, c. 606; 2000, c. 500; 2001, c. 853; 2002, cc. 747, 860; 2006, cc. 530, 801.)

§ 63.2-1510. Complaints by others of certain injuries to children.

Any person who suspects that a child is an abused or neglected child may make a complaint concerning such child, except as hereinafter provided, to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline. If an employee of the local department is suspected of abusing or neglecting a child, the complaint shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment; or, if the judge believes that no local department in a reasonable geographic distance can be impartial in responding to the reported case, the judge shall assign the report to the court service unit of his court for evaluation. The judge may consult with the Department in selecting a local department to respond to the report or complaint. Such a complaint may be oral or in writing and shall disclose all information which is the basis for the suspicion of abuse or neglect of the child.

(1975, c. 341, § 63.1-248.4; 1976, c. 348; 1994, c. 840; 2000, c. 500; 2002, c. 747.)

§ 63.2-1511. Complaints of abuse and neglect against school personnel; interagency agreement.

A. If a teacher, principal or other person employed by a local school board or employed in a school operated by the Commonwealth is suspected of abusing or neglecting a child in the course of his educational employment, the complaint shall be investigated in accordance with §§ 63.2-1503, 63.2-1505 and 63.2-1516.1. Pursuant to § 22.1-279.1, no teacher, principal or other person employed by a school board or employed in a school operated by the Commonwealth shall subject a student to corporal punishment. However, this prohibition of corporal punishment shall not be deemed to prevent (i) the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control; (ii) the use of reasonable and necessary force to quell a disturbance or remove a student from the scene of a disturbance that threatens physical injury to persons or damage to property; (iii) the use of reasonable and necessary force to prevent a student from inflicting physical harm on himself; (iv) the use of reasonable and necessary force for self-defense or the defense of others; or (v) the use of reasonable and necessary force to obtain possession of weapons or other dangerous objects or controlled substances or paraphernalia that are upon the person of the student or within his control. In determining whether the actions of a teacher, principal or other person employed by a school board or employed in a school operated by the Commonwealth are within the exceptions provided in this

section, the local department shall examine whether the actions at the time of the event that were made by such person were reasonable.

B. For purposes of this section, "corporal punishment," "abuse," or "neglect" shall not include physical pain, injury or discomfort caused by the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control as permitted in clause (i) of subsection A or the use of reasonable and necessary force as permitted by clauses (ii), (iii), (iv), and (v) of subsection A, or by participation in practice or competition in an interscholastic sport, or participation in physical education or an extracurricular activity.

C. If, after an investigation of a complaint under this section, the local department determines that the actions or omissions of a teacher, principal, or other person employed by a local school board or employed in a school operated by the Commonwealth were within such employee's scope of employment and were taken in good faith in the course of supervision, care, or discipline of students, then the standard in determining if a report of abuse or neglect is founded is whether such acts or omissions constituted gross negligence or willful misconduct.

D. Each local department and local school division shall adopt a written interagency agreement as a protocol for investigating child abuse and neglect reports against school personnel. The interagency agreement shall be based on recommended procedures for conducting investigations developed by the Departments of Education and Social Services.

(2001, c. 588, § 63.1-248.4:1; 2002, c. 747; 2003, cc. 986, 1013; 2005, cc. 767, 806.)

§ 63.2-1512. Immunity of person making report, etc., from liability.

Any person making a report pursuant to § 63.2-1509, a complaint pursuant to § 63.2-1510, or who takes a child into custody pursuant to § 63.2-1517, or who participates in a judicial proceeding resulting therefrom shall be immune from any civil or criminal liability in connection therewith, unless it is proven that such person acted in bad faith or with malicious intent.

(1975, c. 341, § 63.1-248.5; 1988, c. 686; 2002, c. 747.)

§ 63.2-1513. Knowingly making false reports; penalties.

A. Any person fourteen years of age or older who makes or causes to be made a report of child abuse or neglect pursuant to this chapter that he knows to be false shall be guilty of a Class 1 misdemeanor. Any person fourteen years of age or older who has been previously convicted under this subsection and who is subsequently convicted under this subsection shall be guilty of a Class 6 felony.

B. The child-protective services records regarding the person who was alleged to have committed abuse or neglect that result from a report for which a conviction is obtained under this section shall be purged immediately by any custodian of such records upon presentation to the custodian of a certified copy of such conviction. After purging the records, the custodian shall notify the person in writing that such records have been purged.

(1996, cc. 813, 836, § 63.1-248.5:1.01; 1999, c. 828; 2002, c. 747.)

§ 63.2-1514. Retention of records in all reports; procedures regarding unfounded reports alleged to be made in bad faith or with malicious intent.

A. The local department shall retain the records of all reports or complaints made pursuant to this chapter, in accordance with regulations adopted by the Board.

B. The Department shall maintain a child abuse and neglect information system that includes a central registry of founded complaints, pursuant to § 63.2-1515. The Department shall maintain all (i) unfounded investigations, (ii) family assessments, and (iii) reports or complaints determined to be not valid in a record which is separate from the central registry and accessible only to the Department and to local departments for child-protective services. The purpose of retaining these complaints or reports is to provide local departments with information regarding prior complaints or reports. In no event shall the mere existence of a prior complaint or report be used to determine that a subsequent complaint or report is founded. The subject of the complaint or report is the person who is alleged to have committed abuse or neglect. The subject of the complaint or report shall have access to his own record. The record of unfounded investigations and complaints and reports determined to be not valid shall be purged one year after the date of the complaint or report if there are no subsequent complaints or reports regarding the same child or the person who is the subject of the complaint or report in that one year. The local department shall retain such records for an additional period of up to two years if requested in writing by the person who is the subject of such complaint or report. The record of family assessments shall be purged three years after the date of the complaint or report if there are no subsequent complaints or reports regarding the same child or the person who is the subject of the report in that three-year period. The child-protective services records regarding the petitioner which result from such complaint or report shall be purged immediately by any custodian of such records upon presentation to the custodian of a certified copy of a court order that there has been a civil action that determined that the complaint or report was made in bad faith or with malicious intent. After purging the records, the custodian shall notify the petitioner in writing that the records have been purged.

C. At the time the local department notifies a person who is the subject of a complaint or report made pursuant to this chapter that such complaint or report is either an unfounded investigation or a completed family assessment, it shall notify him how long the record will be retained and of the availability of the procedures set out in this section regarding reports or complaints alleged to be made in bad faith or with malicious intent. Upon request, the local department shall advise the person who was the subject of an unfounded investigation if the complaint or report was made anonymously. However, the identity of a complainant or reporter shall not be disclosed.

D. Any person who is the subject of an unfounded report or complaint made pursuant to this chapter who believes that such report or complaint was made in bad faith or with malicious intent may petition the circuit court in the jurisdiction in which the report or complaint was made for the release to such person of the records of the investigation or family assessment. Such petition shall specifically set forth the reasons such person believes that such report or complaint was made in bad faith or with malicious intent. Upon the filing of such petition, the circuit court shall request and the local department shall provide to the circuit court its records of the investigation or family assessment for the circuit court's in camera review. The petitioner shall be entitled to present evidence to support his petition. If the circuit court determines that there is a reasonable question of fact as to whether the report or complaint was made in bad faith or with malicious intent and that disclosure of the identity of the complainant would not be likely to endanger the life or safety of the complainant, it shall provide to the petitioner a copy of the records of the investigation or family assessment. The original records shall be subject to discovery in any subsequent civil action regarding the making of a complaint or report in bad faith or with malicious intent.

(1988, c. 686, § 63.1-248.5:1; 1996, cc. 780, 791; 2000, c. 500; 2002, c. 747; 2003, c. 634; 2005, c. 77.)

§ 63.2-1515. Central registry; disclosure of information.

The central registry shall contain such information as shall be prescribed by Board regulation; however, when the founded case of abuse or neglect does not name the parents or guardians of the child as the abuser or neglector, and the abuse or neglect occurred in a licensed or unlicensed child day center, a licensed, registered or approved family day home, a private or public school, or a children's residential facility, the child's name shall not be entered on the registry without consultation with and permission of the parents or guardians. If a child's name currently appears on the registry without consultation with and permission of the parents or guardians for a founded case of abuse and neglect that does not name the parents or guardians of the child as the abuser or neglector, such parents or guardians may have the child's name removed by written request to the Department. The information contained in the central registry shall not be open to inspection by the public. However, appropriate disclosure may be made in accordance with Board regulations.

The Department shall respond to requests for a search of the central registry made by (i) local departments and (ii) local school boards regarding applicants for employment, pursuant to § 22.1-296.4, in cases where there is no match within the central registry within 10 business days of receipt of such requests. In cases where there is a match within the central registry regarding applicants for employment, the Department shall respond to requests made by local departments and local school boards within 30 business days of receipt of such requests. The response may be by first-class mail or facsimile transmission.

Any central registry check of a person who has applied to be a volunteer with a (a) Virginia affiliate of Big Brothers/Big Sisters of America, (b) Virginia affiliate of Compeer, (c) Virginia affiliate of Childhelp USA/rs, (d) volunteer fire company or volunteer rescue squad, or (e) with a court-appointed special advocate program pursuant to § 9.1-153 shall be conducted at no charge.

(1975, c. 341, § 63.1-248.8; 1993, cc. 48, 348, 955; 1994, cc. 700, 830; 2000, cc. 95, 734, 805; 2001, c. 321; 2002, cc. 371, 747; 2004, c. 74.)

§ 63.2-1516. Tape recording child abuse investigations.

Any person who is suspected of abuse or neglect of a child and who is the subject of an investigation or family assessment pursuant to this chapter may tape record any communications between him and child-protective services personnel that take place during the course of such investigation or family assessment, provided all parties to the conversation are aware the conversation is to be recorded. The parties' knowledge of the recording shall be demonstrated by a declaration at the beginning of the recorded portion of the conversation that the recording is to be made. If a person who is suspected of abuse or neglect of a child and who is the subject of an investigation or family assessment pursuant to this chapter elects to make a tape recording as provided in this section, the child-protective services personnel may also make such a recording.

(1990, c. 867, § 63.1-248.6:2; 2000, c. 500; 2002, c. 747.)

§ 63.2-1516.01. Investigation procedures involving person who is the subject of complaint.

The local department shall, at the initial time of contact with the person subject to a child abuse and neglect investigation, advise such person of the complaints or allegations made against the person, in a manner that is consistent with laws protecting the rights of the person making the report or complaint. In cases where a child is alleged to have been abused or neglected by a teacher, principal or other person employed by a local school board or employed in a school operated by the Commonwealth, in the course of such employment in a nonresidential setting, the provisions of § 63.2-1516.1 shall also apply.

(2004, cc. 93, 233.)

§ 63.2-1516.1. Investigation procedures when school employee is subject of the complaint or report; release of information in joint investigations.

A. Except as provided in subsection B of this section, in cases where a child is alleged to have been abused or neglected by a teacher, principal or other person employed by a local school board or employed in a school operated by the Commonwealth, in the course of such employment in a nonresidential setting, the local department conducting the investigation shall comply with the following provisions in conducting its investigation:

1. The local department shall conduct a face-to-face interview with the person who is the subject of the complaint or report.

2. At the onset of the initial interview with the alleged abuser or neglector, the local department shall notify him in writing of the general nature of the complaint and the identity of the alleged child victim regarding the purpose of the contacts.

3. The written notification shall include the information that the alleged abuser or neglector has the right to have an attorney or other representative of his choice present during his interviews. However, the failure by a representative of the Department of Social Services to so advise the subject of the complaint shall not cause an otherwise voluntary statement to be inadmissible in a criminal proceeding.

4. Written notification of the findings shall be submitted to the alleged abuser or neglector. The notification shall include a summary of the investigation and an explanation of how the information gathered supports the disposition.

5. The written notification of the findings shall inform the alleged abuser or neglector of his right to appeal.

6. The written notification of the findings shall inform the alleged abuser or neglector of his right to review information about himself in the record with the following exceptions:

a. The identity of the person making the report.

b. Information provided by any law-enforcement official.

c. Information that may endanger the well-being of the child.

d. The identity of a witness or any other person if such release may endanger the life or safety of such witness or person.

B. In all cases in which an alleged act of child abuse or neglect is also being criminally investigated by a law-enforcement agency, and the local department is conducting a joint investigation with a law-enforcement officer in regard to such an alleged act, no information in the possession of the local department from such joint investigation shall be released by the local department except as authorized by the investigating law-enforcement officer or his supervisor or the local attorney for the Commonwealth.

C. Failure to comply with investigation procedures does not preclude a finding of abuse or neglect if such a finding is warranted by the facts.

(2003, cc. 986, 1013.)

§ 63.2-1517. Authority to take child into custody.

A. A physician or child-protective services worker of a local department or law-enforcement official investigating a report or complaint of abuse and neglect may take a child into custody for up to 72 hours without prior approval of parents or guardians provided:

1. The circumstances of the child are such that continuing in his place of residence or in the care or custody of the parent, guardian, custodian or other person responsible for the child's care, presents an imminent danger to the child's life or health to the extent that severe or irreparable injury would be likely to result or if evidence of abuse is perishable or subject to deterioration before a hearing can be held;
2. A court order is not immediately obtainable;
3. The court has set up procedures for placing such children;
4. Following taking the child into custody, the parents or guardians are notified as soon as practicable. Every effort shall be made to provide such notice in person;
5. A report is made to the local department; and
6. The court is notified and the person or agency taking custody of such child obtains, as soon as possible, but in no event later than 72 hours, an emergency removal order pursuant to § 16.1-251; however, if a preliminary removal order is issued after a hearing held in accordance with § 16.1-252 within 72 hours of the removal of the child, an emergency removal order shall not be necessary. Any person or agency petitioning for an emergency removal order after four hours have elapsed following taking custody of the child shall state the reasons therefor pursuant to § 16.1-251.

B. If the 72-hour period for holding a child in custody and for obtaining a preliminary or emergency removal order expires on a Saturday, Sunday, or legal holiday or day on which the court is lawfully closed, the 72 hours shall be extended to the next day that is not a Saturday, Sunday, or legal holiday or day on which the court is lawfully closed.

§ 63.2-1518. Authority to talk to child or sibling.

person responsible for such child as a part of the investigation or family assessment of the case by the local department or the court; however, such photographs shall not be used in lieu of medical evaluation. Such photographs and X-rays may be introduced into evidence in any subsequent proceeding.

The court receiving such evidence may impose such restrictions as to the confidentiality of photographs of any minor as it deems appropriate.

The person seeking such order shall apply for the order at least seven days before the trial date.

B. The provisions of this section shall apply to the following:

1. An alleged victim who was fourteen years of age or under on the date of the alleged offense and is sixteen or under at the time of the trial; and
2. Any child witness who is fourteen years of age or under at the time of the trial.

C. The court may order that the testimony of the child be taken by closed-circuit television as provided in subsections A and B if it finds that the child is unavailable to testify in open court in the presence of the defendant, the jury, the judge, and the public, for any of the following reasons:

1. The child's persistent refusal to testify despite judicial requests to do so;

2. The child's out-of-court statement is shown to possess particularized guarantees of trustworthiness and reliability.

C. A statement may not be admitted under this section unless the proponent of the statement notifies the adverse party of his intention to offer the statement and the substance of the statement sufficiently in advance of the proceedings to provide the adverse party with a reasonable opportunity to prepare to meet the statement, including the opportunity to subpoena witnesses.

1. The child's personal knowledge of the event;

3. Certainty that the statement was made, including the credibility of the person testifying about the statement and any apparent motive such person may have to falsify or distort the event including bias, corruption or coercion;

1. The alleged victim is the age of twelve or under at the time the statement is offered into evidence;
2. The recording is both visual and oral, and every person appearing in, and every voice recorded on, the tape is identified;
3. The recording is on videotape or was recorded by other electronic means capable of making an accurate recording;

B. A recorded statement may be admitted into evidence as provided in subsection A if:

1. The child testifies at the proceeding, or testifies by means of closed-circuit television, and at the time of such testimony is subject to cross examination concerning the recorded statement or the child is found by the court to be unavailable to testify on any of these grounds:

a. The child's death;

8. Whether the statement is spontaneous or directly responsive to questions;
9. Whether the statement is responsive to suggestive or leading questions; and
10. Whether extrinsic evidence exists to show the defendant's opportunity to commit the act complained of in the child's statement.

E. The court shall support with findings on the record, or with written findings in a court not of record, any rulings pertaining to the child's unavailability and the trustworthiness and reliability of the recorded statement.

The court may order psychological, psychiatric and physical examinations of the child alleged to be abused or neglected and of the parents, guardians, caretakers or siblings of a child suspected of being neglected or abused.

(1975, c. 341, § 63.1-248.14; 1976, c. 186; 2002, c. 747.)

§ 63.2-1525. Prima facie evidence for removal of child custody.

In the case of a petition in the court for removal of custody of a child alleged to have been abused or neglected, competent evidence by a physician that a child is abused or neglected shall constitute prima facie evidence to support such petition.

(1975, c. 341, § 63.1-248.15; 2002, c. 747.)

§ 63.2-1526. Appeals of certain actions of local departments.

A. A person who is suspected of or is found to have committed abuse or neglect may, within thirty days of being notified of that determination, request the local department rendering such determination to amend the determination and the local department's related records. Upon written request, the local department shall provide the appellant all information used in making its determination. Disclosure of the reporter's name or information which may endanger the well-being of a child shall not be released. The identity of a collateral witness or any other person shall not be released if disclosure may endanger his life or safety. Information prohibited from being disclosed by state or federal law or regulation shall not be released. The local department shall hold an informal conference or consultation where such person, who may be represented by counsel, shall be entitled to informally present testimony of witnesses, documents, factual data, arguments or other submissions of proof to the local department. With the exception of the local director, no person whose regular duties include substantial involvement with child abuse and neglect cases shall preside over the informal conference. If the local department refuses the request for amendment or fails to act within forty-five days after receiving such request, the person may, within thirty days thereafter, petition the Commissioner, who shall grant a hearing to determine whether it appears, by a preponderance of the evidence, that the determination or record contains information which is irrelevant or inaccurate regarding the commission of abuse or neglect by the person who is the subject of the determination or record and therefore shall be amended. A person who is the subject of a report who requests an amendment to the record, as provided above, has the right to obtain an extension for an additional specified period of up to sixty days by requesting in writing that the forty-five days in which the local department must act be extended. The extension period, which may be up to sixty days, shall begin at the end of the forty-five days in which the local department must act. When there is an extension period, the

thirty-day period to request an administrative hearing shall begin on the termination of the extension period.

B. The Commissioner shall designate and authorize one or more members of his staff to conduct such hearings. The decision of any staff member so designated and authorized shall have the same force and effect as if the Commissioner had made the decision. The hearing officer shall have the authority to issue subpoenas for the production of documents and the appearance of witnesses. The hearing officer is authorized to determine the number of depositions that will be allowed and to administer oaths or affirmations to all parties and witnesses who plan to testify at the hearing. The Board shall adopt regulations necessary for the conduct of such hearings. Such regulations shall include provisions stating that the person who is the subject of the report has the right (i) to submit oral or written testimony or documents in support of himself and (ii) to be informed of the procedure by which information will be made available or withheld from him. In case of any information withheld, such person shall be advised of the general nature of such information and the reasons, for reasons of privacy or otherwise, that it is being withheld. Upon giving reasonable notice, either party at his own expense may depose a nonparty and submit such deposition at the hearing pursuant to Board regulation. Upon good cause shown, after a party's written motion, the hearing officer may issue subpoenas for the production of documents or to compel the attendance of witnesses at the hearing, except that alleged child victims of the person and their siblings shall not be subpoenaed, deposed or required to testify. The person who is the subject of the report may be represented by counsel at the hearing. Upon petition, the court shall have the power to enforce any subpoena that is not complied with or to review any refusal to issue a subpoena. Such decisions may not be further appealed except as part of a final decision that is subject to judicial review. Such hearing officers are empowered to order the amendment of such determination or records as is required to make them accurate and consistent with the requirements of this chapter or the regulations adopted hereunder. If, after hearing the facts of the case, the hearing officer determines that the person who is the subject of the report has presented information that was not available to the local department at the time of the local conference and which if available may have resulted in a different determination by the local department, he may remand the case to the local department for reconsideration. The local department shall have fourteen days in which to reconsider the case. If, at the expiration of fourteen days, the local department fails to act or fails to amend the record to the satisfaction of the appellant, the case shall be returned to the hearing officer for a determination. If aggrieved by the decision of the hearing officer, such person may obtain further review of the decision in accordance with Article 5 (§ 2.2-4025 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq.).

C. Whenever an appeal of the local department's finding is made and a criminal charge is also filed against the appellant for the same conduct involving the same victim as investigated by the local department, the appeal process shall automatically be stayed until the criminal prosecution in circuit court is completed. During such stay, the appellant's right of access to the records of the local department regarding the matter being appealed shall also be stayed. Once the criminal prosecution in circuit court has been completed, the local department shall advise the appellant in writing of his right to resume his appeal within the time frames provided by law and regulation.
